Subject: Report on Educational Visit to Jain Hills Tissue Culture Unit Respected sir,

An educational visit was organized for the 2nd BAMS students of Chaitanya Ayurved Mahavidyalaya to the Jain Hills Tissue Culture Unit by department of Dravyaguna. The visit was scheduled Batch A: 29/07/2024 2nd BAMS 30 Students with Faculty: Dr. Swapnil Raverkar, Dr. Pooja Ranale and Batch B: 31/07/ 2024 2nd BAMS 30 Students with Faculty: Dr. Swapnil Raverkar, Dr. Selina Rane.

- 1. The students were given an overview of the basic principles and processes involved in plant tissue culture.
- 2. The guide explained the significance of tissue culture in the production of disease-free plants, preservation of endangered species, and agricultural advancements.
- 3. The students toured the tissue culture laboratory where they observed various stages of plant tissue culture, including the preparation of culture media, sterilization processes, and growth monitoring.
- 4. Emphasis was placed on the aseptic techniques and the importance of maintaining sterile conditions to avoid contamination.
- 5. An interactive session was held where students could ask questions and discuss applications of tissue culture in various fields, including medicine, agriculture, and conservation.
- 6. The visit provided the students with a deeper understanding of how tissue culture techniques are applied in real-world scenarios.
- 7. It also highlighted the relevance of these techniques in their Ayurvedic studies, particularly in the context of medicinal plant cultivation and conservation.

Thank you for your support and encouragement in organizing such enriching experiences for our students. We would like to express our gratitude to the Jain Hills Tissue Culture Unit for their hospitality and the valuable learning experience provided. We also extend our thanks to Dr. Pooja Ranale, and Dr. Selina Rane for their efforts in The Row Row Row organizing and supervising the visit.

Trip photos are sent on college e-mail

Subject: Application for Permission to Arrange Visit to Jain Hills Tissue Culture Unit.

I am writing to formally request your permission to organize an educational visit for the 2nd BAMS students to the Jain Hills Tissue Culture Unit, as scheduled on 29/07/2024 and 31/07/2024

We are pleased to inform you that the management of Jain Hills has granted permission for this educational tour on said date, which will provide our students with valuable insights into tissue culture practices relevant to their academic pursuits.

This visit aims to enhance their understanding and practical knowledge in the field of Ayurved sciences, aligning with the curriculum requirements of our department.

Kindly grant your approval for this excursion at your earliest convenience. Thank you for considering our request. I look forward to your favorable response.

Yours sincerely,

चैतन्य आयुर्वेद महाविद्यालय, साकेगांव - भुसावळ

To,
The Principal,
Chaitanya Ayurved Mahavidyalaya,
Sakegaon, Bhusawal.

Subject: Report of Educational Visit by Dravyaguna dept.

Respected Sir,

I am pleased to submit a report on the educational visit conducted by the Dravyaguna department on 11th July 2024, from 9:00 am to 11:00 am, at Landorkhori Udyaan, Jalgaon. The primary objective of the visit was to provide our students with practical exposure to the identification and study of medicinal plants in their natural habitat. The visit was organized at Landorkhori Udyaan, Jalgaon, renowned for its rich collection of medicinal plants and herbs. For this educational visit 53 students of II BAMS (2021 batch) were present. Dr. Satish V. Shindadkar, Dr. Chhaya Patil-More and Dr. Pooja Ajalsonde were present with the students to guide them. Dr. Yogendra Kasat, Dr. Swapnil Raverkar and Dr. Rahul Vyas guided students by visiting the tour.

Activities Conducted:

- 1. **Guided Tour:** Students were given a guided tour of the botanical garden by knowledgeable staff, highlighting various medicinal plants and their uses in Ayurveda.
- 2. Herb Identification: Practical sessions were conducted where students learned to identify different medicinal herbs based on their botanical characteristics.
- 3. Interactive Sessions: There were interactive sessions with teachers of Dravyaguna dept., where students could ask questions and deepen their understanding of plant identification and classification.

Outcomes:

- 1. Enhanced understanding of medicinal plants and their importance in Ayurveda.
- 2. Practical knowledge gained in identifying medicinal herbs.
- 3. Motivation and enthusiasm among students towards the study of Dravyaguna.

Thank you for your support and encouragement in organizing such enriching experiences for our students.

Following students were absent for the visit:

1) Geeta Magar

2)Jitendra Padvi

3)Ishwar Padvi

4)Neeraj Jadhav

5)Raj Borade

6)Abhijit Sontakke

7) Vitthal Chamle

Attachments: 1)List of present students

2) Geotagged Photos of visit are mailed on 'ayurvedchaitanya@yahoo.in'
